

Maid Brigade Expands Fairfield County Territory
Green cleaning company to serve all of Fairfield County

Pleasantville, NY – (February 17, 2009) – Maid Brigade, a company committed to providing environmentally-friendly home cleaning services in Westchester, Putnam, Rockland and Fairfield counties, has expanded its service area to the communities of Ridgefield, Redding, Danbury, Brookfield and New Fairfield, CT. The addition of these communities marks Maid Brigade’s coverage of the entire county of Fairfield.

Maid Brigade recently announced that it is the only Green Clean Certified® house cleaning company in the region. Its exclusive Green Clean Certified® system is a comprehensive cleaning program that includes green cleaning solutions, equipment and processes. Maid Brigade’s team members use cleaning solutions that are certified by Green Seal, a non-profit organization that sets the standards for preventing the usage of toxic chemicals, noxious fumes and wasted resources.

“As Americans become increasingly aware of the benefits of living green and cleaning green, there is also an increased demand for services like ours,” said Robin Murphy, president of Maid Brigade. “We look forward to establishing partnerships throughout Fairfield County with like-minded organizations to further the cause of healthy living.”

Murphy added that our health is paramount to everything. “That is why we firmly believe that if we can educate our communities about the benefits of green cleaning, they will embrace new ways to care for themselves,” she said. “Every bit helps.”

Murphy added that an economic downturn creates myriad health problems for people concerned about such issues as job loss. Those problems include insomnia, headaches, depression, violence, substance abuse and even heart attacks and strokes.

For additional information, call Maid Brigade at 203.629.0017 or visit <http://fairfieldcounty.maidbrigade.com/>.

About Maid Brigade: Maid Brigade, which serves homes throughout Westchester, Putnam, Rockland, and Fairfield counties, is a Green Clean Certified® maid service. Their trained teams utilize green processes and solutions with such advanced cleaning tools as microfiber mops and vacuums with HEPA filters to deliver a better, greener clean with every visit. Maid Brigade screens, insures, bonds, and trains every house cleaning maid. Customers enjoy the best clean available from maids they can trust with the keys to their homes – and with their health. For more information, visit www.maidbrigade.com or call 888-525-6243.
