## Maid Brigade gives \$1G to Support Connection

Maid Brigade has donated \$1,000 to Support Connection, the Yorktown Heights-based organization that provides free support services to women throughout Westchester, Putnam and nearby counties who are affected by breast and ovarian cancer.

In addition to donating funds to Support Connection Inc., Maid Brigade employees and staff donned pink ribbon pins throughout October, National Breast Cancer Awareness Month, to help raise awareness of breast cancer.

"As an organization trying to make the world a cleaner, healthier place, partnering with Support Connection supports our initiative. We are so pleased to be able to give back to our community in new ways," said Robin Murphy, president of Maid Brigade.
